Customer shall immediately notify Parkway of any damage or injury of which they have knowledge in, to, or near the property, regardless of cause of such damage or injury.

Band or DJ Booking (optional)

If the host wants a band or DJ at the event they have two options:

The customer can book and bring in their own DJ or band to perform. The band or DJ can either use all of the audio equipment at Parkway or bring their own and check below and opt out of using the equipment. If the band uses the equipment provided by Parkway the host assumes all liability to damages to equipment and agrees to promptly pay for the equipment to be replaced. If the customer opts out of using Parkway's music equipment, a face to face site meeting will be required 7 days out of the event with a Parkway manager and sound tech to discuss and make sure the band or DJ is executed correctly.

By request from the customer, Parkway will book a band or DJ for the event. There is a \$50 fee associated with this service. This does not include the cost of the band to play your event. If you are interested in this, please list the type of band or DJ below or you can allow Parkway to recommend a band or DJ. By electing this service you also agree to hold Parkway, its owners, employees, and agents harmless for the experience and performance of the band or DJ at the event.

Please note: If you are having a wedding or a wedding reception at our venue, the customer is required to either bring their own DJ, band or designated person to MC the event OR have Parkway book a DJ or Band to MC the event. A face to face site meeting will be required 7 days out of the event with a Parkway manager and sound tech to discuss and make sure it is executed correctly.

Band or DJ style _____

Check the box to opt out of using the audio equipment at Parkway and claim responsibility for any facility damages that may result from the performance (not necessary if Parkway is booking the band or DJ or if there is not a band or DJ at the event).

Please reference the "Equipment Schedule" included in this document, and describe any needs for your event below (video slideshow, announcements, video playback etc).
